Career Objective

I am a Full Stack .NET Developer specializing in building reliable web applications and robust backend systems using ASP.NET and C#. Eager to apply my skills in SQL Server, HTML, CSS, and object-oriented programming. I am passionate about problem-solving, learning new technologies, and taking on challenging tasks.

Education

Faculty of Computers and Information, Menoufia University
Bachelor's Degree in Computer Science (Expected 2027)

Internship / Training

Full Stack .NET Intern

Digital Egypt Pioneers (DEPI) – Ministry of Communications and Information Technology
Ongoing – 2025

Participating in an intensive hands-on training program focusing on full stack web development using ASP.NET, C#, SQL Server, and frontend technologies. Developing real-world projects and enhancing problem-solving and software engineering skills.

Technical Skills

- Programming Languages: C++, Java, C# (in progress)
- Web Technologies: HTML, CSS, JavaScript (basic)
- Database: SQL Server

Languages

- Arabic: Native
- English: Very Good

Courses

- Object-Oriented Programming (OOP) – with Eng. Adel Nasim
- Front-End Development – with Elzero Web School (HTML, CSS, and basic JavaScript)

Projects

Currently working on personal projects and continuing online learning to enhance practical skills.
